

Material Safety Data Sheet

according to NOHSC:2011(2003)

Product name : Ivoclar Vivadent Separating Fluid
Statement of Hazardous Nature : This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.
Revision : 20.11.2013 **Version :** 1.0.1
Print date : 20.11.2013

01. Identification of substances, preparation and company

Product name: Ivoclar Vivadent Separating Fluid
Use of the substance / preparation: Isolating Liquid
Manufacturer / Supplier: Ivoclar Vivadent AG
Street / P O Box: Benderstrasse 2
Country code / Postal Code / Town / City: FL-9494 Schaan
Principality of Liechtenstein
Telephone: + 423 235 35 35
Telefax: + 423 235 33 60
Distributor: Ivoclar Vivadent Pty Ltd
1 – 5 Overseas Drive
Noble Park North VIC 3174
Australia
Telephone: + 61 3 9795 9599
Telefax: + 61 3 9795 9645
Emergency information: Poisons Information Centre: Dial 13 11 26
24 hours a day, 7 days a week – Australia wide

02. Hazards identification

Statement of Hazardous Nature

This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.

Hazard designation

Classification: Not Classified

ADG Classification: Not Classified

UN Number: Not Classified

Particular information pertaining specific risk for human and environment

R phrases

None

S phrases

S2	Keep out of the reach of children.
S9	Keep container in a well-ventilated place.
S24/25	Avoid contact with skin and eyes.
S26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S28	After contact with skin, wash immediately with plenty of water and soap.
S29	Do not empty into drains.
S37/39	After contact with skin, wash immediately with plenty of water and soap. Wear suitable gloves and eye/face protection.

03. Composition / information on ingredients

Chemical characterisation

Mixture of Mixture made of >90% water <10% sodium alginate, borax, glycerine and dye.

Hazardous components

None

Other ingredients determined not be hazardous

None

Dangerous component / Risk phrases:

None

04. First-aid measures

General

Immediately remove all contaminated clothing.

After inhalation

Let in fresh air. Remove to fresh air. Seek medical assistance immediately should the air passage be affected.

After skin contact

After contact with skin, wash immediately with plenty of water and soap. Wear suitable gloves and eye/face protection.

Material Safety Data Sheet

according to NOHSC:2011(2003)

Product name : Ivoclar Vivadent Separating Fluid
Statement of Hazardous Nature : This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.
Revision : 20.11.2013 **Version :** 1.0.1
Print date : 20.11.2013

After eye contact

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

After ingestion

Drink plenty of water. Do not induce vomiting. Seek medical assistance immediately.

05. Fire-fighting measures

Suitable extinguishing media

Water fog, carbon dioxide, foam, dry chemicals, extinguishing powder.

Unsuitable extinguishing media

Waterjet.

Special risk posed by the substance or by the actual preparation, its combustion products or gases discharged

Cool containers in the vicinity of the blaze using water spray.

Prevent any spillage from entering drains or watercourses.

Special protective equipment

When extinguishing fires, use breathing apparatus with an independent source of air.

Firefighters should wear full protective clothing including self-contained breathing apparatus.

06. Accidental release measures

Personal precautions

Wear suitable protective clothing, gloves and eye / face protection.

Environmental precautions

Prevent from flowing into surface water / ground water. Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

Methods for cleaning up / collecting

Do not allow to flow off into the drains, surface water / ground water.

Take up with a mechanical source and precede according to the water disposal regulations.

Clean up with absorbent material such as sawdust, diatomaceous earth or universal absorbents.

Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

Additional information

Prevent skin and eye contact. Clean up with absorbent material. Remove according to regulations.

07. Handling and storage

Information for safe handling

Containers to be opened and handled with care. Make sure ventilation is adequate. Use only in a well-ventilated area.

Only adequately trained personnel should handle this product.

Keep out of reach of children.

When using – do not eat, drink or smoke.

Information about protection against explosions and fires

No anti-explosions measures necessary.

Requirements to be met by storerooms and containers

Store only in original container.

Store in a dry, well-ventilated area in the original container. Keep container tightly closed.

Store at 2 – 28°C / 36 – 82°F. Do not store in open sunshine. Keep away from heat source.

Information about separation of incompatible products

Store foodstuffs separately.

08. Exposure controls and personal protection

Additional information about engineering measures

None

Components with critical values that require monitoring at the workplace (exposure limits)

Specifications: TWA (AUS)

Value: MAK 0.0mg/m³

Personal protective equipment

Do not eat or drink during work. No smoking. Keep away from food, drink and animal feeding stuff. Avoid contact with skin and eyes.

Material Safety Data Sheet

according to NOHSC:2011(2003)

Product name : Ivoclar Vivadent Separating Fluid
Statement of Hazardous Nature : This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.
Revision : 20.11.2013 **Version :** 1.0.1
Print date : 20.11.2013

Respiratory protection

Provide for good ventilation. Avoid vapour or spray mist. Use in a well-ventilated area.

Hand protection

Short-term exposure (<30mins): disposable gloves, eg: nitrile rubber, material thickness 0.1mm (Australian Standard 2161). Long-term exposure (Level 6: < 480min): protective gloves, eg: nitrile rubber, material thickness 0.7mm (Australian Standard 2161).

Commercial medical gloves do not provide protection against the sensitising effect of methacrylates. Check penetration time for the specific gloves used with the glove manufacturer. Solvent resistant gloves.

Eye protection

Use tightly fitting safety glasses (Australian Standard AS 1336 and AS/NZS 1337). An eyewash fountain should be located in the immediate working area. Avoid contact with eyes. Contact with eyes, even for short periods can cause blindness. Wear eye protection when mixing or using. Use approved close fitting safety goggles and / or visor for splash protection.

Body protection

No particular measures required.

09. Physical and chemical properties

Image

Form:	Liquid
Colour:	Pink or Blue
Odour:	Odourless

Relevant safety data

Melting point/range:	(1013 hPa)		ca.	n/a	°C	DIN 51755
Casting point/range:	(1013 hPa)			n/a	°C	
Flash point:				n/a	°C	
Ignition temperature				n/a	°C	
Viscosity:				70	mPas	
Vapour pressure:				n/a	mbar	
Density:	(20°C)			1	g/cm ³	
Solubility in water:	(20°C)			Not measured	g/l	
pH value:				Not measured		

10. Stability and reactivity

Conditions to avoid

Avoid excessive heat and direct sunlight.

Materials to avoid

None is used in accordance to instructions.

Hazardous decomposition products

None.

11. Toxicological information

Toxicological tests

LD50 / LC50 values that are relevant for classification

Specification:	LD-50
Test species:	Oral for rat
Value / dosage:	5'000 mg/kg

Primary irritant effect

Prolonged or repeated exposure may cause drying or irritation of the skin. Ingestion and prolonged exposure to skin and eyes should be avoided, as should inhalation of any generated vapours

Sensitisation

Prolonged or frequently repeated skin contact may cause allergic skin reactions in some individuals.

Experience on practice

Excessive exposure may cause eye and respiratory irritation.

Material Safety Data Sheet

according to NOHSC:2011(2003)

Product name : Ivoclar Vivadent Separating Fluid
Statement of Hazardous Nature : This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.

Print date : 20.11.2013

12. Ecological information

Details on elimination (persistence / degradability)

No ecological problems to be anticipated if properly handled and used.

Abiotoxic elimination

No data available.

Biological degradation / elimination

No data available.

Fate in environmental compartments

No ecological problems to be anticipated if properly handled and used.

Ecotoxicological effects

Performance in sewage/treatment plants

The product must not enter effluent, ground water, surface water or the soil.

13. Disposal consideration

Product

Concentrate Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

Contaminated packaging

Contaminated packaging must be emptied of all residues and, following appropriate cleaning, may be sent to a recycling plant. Un-cleaned packaging must be disposed of in the same manner as the medium.

Responsibility for proper waste disposal rests with the generator of the waste.

Dispose of any waste material (including containers) in accordance with all applicable Local, State and Federal government regulations regarding waste management methods
